

## Roadwork Alert

**IMMEDIATE RELEASE**

**12 August 2011**

### **Hills M2 Upgrade Roadworks and Lane Closures: 15 – 28 Aug**

The following table shows lane closures that will be in effect on the Hills M2 from Monday, 15 August until Sunday 28 August 2011 to facilitate roadworks as part of the \$550 million Upgrade Project.

Works over the coming fortnight, weather permitting, include:

- niche excavation and rockbolting in Norfolk Tunnel
- pavement strengthening (cross-stitching)
- removal of scaffolding under Beecroft Rd bridge
- relocation of barriers and installation of temporary noise walls and traffic management signage

In addition, other changed traffic conditions on local roads include:

- Murray Farm Road bridge: 8am - 1pm on Saturday, 13 August there will be contra flow arrangements and reduced speed limits to facilitate concrete pours

The same number of general lanes remains open to motorists during peak period travel periods as was the case before the upgrade.

There will also be lane closures and contra flow arrangements in the Norfolk Tunnel every night from Monday to Saturday for the life of the project.

“Motorists are reminded to plan their trip as work continues to upgrade the Hills M2 Motorway and changed speed limits are in place,” a project spokesperson said.

“The Hills M2 Motorway management apologise for the delays during construction and thank motorists for their patience.

“The project team will seek to minimise impacts; however, as the M2 Upgrade is the largest project undertaken on an operational motorway in New South Wales, delays can be expected over the two year construction period.”
