

Roadwork Alert

IMMEDIATE RELEASE

14 November 2011

Hills M2 Upgrade Roadworks and Lane Closures: 14 - 27 Nov

The following table shows lane closures that will be in effect on the Hills M2 from Monday, 14 November until Sunday, 27 November 2011 to facilitate roadworks as part of the \$550 million Hills M2 Upgrade.

Excavation work in the citybound tube of the Norfolk Tunnel is continuing on weekends until mid-2012. This work will be carried out from 8pm on Saturdays to 5am on Mondays. Traffic will be diverted to the westbound tunnel with at least one lane in each direction remaining open. Motorists should expect delays.

To control the flow of traffic onto the motorway, during Sunday daytime tunnel excavation work, access to the motorway from Herring Road and Lane Cove Road, North Ryde will not be available from 10am to 5pm on Sundays.

Other changed traffic conditions on local roads include:

Windsor Road bridge: contra flow arrangements and reduced speed limits will be in place on Friday, 18 November and Saturday, 19 November between 8pm and 5am to facilitate a concrete pour.

Barclay Road bridge: 8pm on Thursday, 24 November until 5am on Friday, 25 November traffic lanes will be realigned from the eastern to the western side of the bridge. Traffic control operators will be in place to direct through traffic.

Herring Road On Ramp: access to the Hills M2 motorway from the ramp will be closed on Thursday, 17 November and Friday, 18 November between 8pm and 5am whilst girders are being installed on Christie Road bridge.

Works over the coming fortnight, weather permitting, include:

- Girder (beam) installation on Darling Mills Creek Bridge and Christie Road Bridge
- Concrete pour on Windsor Road Bridge deck
- Tunnel excavation
- Lane realignment on Barclay Road bridge
- Pavement strengthening (cross-stitching)
- Installation and removal of concrete barriers

“Motorists are reminded to plan their trip as work continues to upgrade the Hills M2 Motorway and changed speed limits are in place,” a project spokesperson said.

“The Hills M2 Motorway management apologise for the delays during construction and thank motorists for their patience.

“The project team will seek to minimise impacts; however, as the Hills M2 Upgrade is the largest project undertaken on an operational motorway in New South Wales, delays can be expected over the two year construction period.”

Further information

For more information on the M2 Upgrade, visit www.hillsm2upgrade.com.au or contact 1800 196 266 or via enquiries@hillsm2upgrade.com.au.

For up to date traffic information contact the Transport Management Centre at livetraffic.com or 132 701.

Hills M2 Upgrade Roadworks and Lane Closures: 14 – 27 November

* This schedule may change due to weather conditions or required works on site. Motorists are advised to observe signage on the motorway which will provide advance notice of lane closures and/or changed traffic conditions.

There will also be lane closures and contra flow arrangements in the Norfolk Tunnel every night for the life of the project.
